MUST PAY THE RANSOM

THAT IS THE ONLY CERTAIN WAY
TO SECURE THE RELEASE
OF MISS STONE.

IS APPEALING FOR MONEY

Government on Account of Constitutional Restriction Cannot Advance the Necessary Amount—American Board Sending Telegrams All Over the Country Asking for Contributions.

Boston, Oct. 7.—The urgency of the case of Miss Stone, the missionary held for ransom by brigands in Bulgaria, brought together the members of the prudential committee of the American board for two hours during the day. Later the committee issued a statement, based upon the views of President Samuel B. Capeno of the board, and the secretary, Rev. Dr. Judson Smith, as the result of their visit to Washington. Both gentlemen had interviews with President Roosevelt and the officials of the state department. It was made plain to them, they told the prudential committee, that the only certain way to secure the release of Miss Stone and save her life would be the payment of the ransom. The committee was informed that the government, because of the constitutional restriction, is unable to pay the ransom. The committee is also made aware of the fact that the American board has no money with which to save Miss Stone. The only practical way, therefore, was shown to be a popular subscription, which already has been started. The committee heartily approved this and began sending telegrams to many parts of the country urging subscriptions.

Just how much money has been given to the fund is not known. Those directing the effort in Miss Stone's behalf hope that the response through the country will be very liberal and that the figure is fully \$100,000, if not the necessary amount, which is \$10,000 more. In Boston and vicinity the amount already in hand from a comparatively small number of sources reaches nearly \$30,000, and there are a host of churches to hear from. The morning's mail is expected to bring in many thousands of dollars additional, making it possible for Boston alone to raise over one-third of the total amount. The belief is general here that the country at large will care for two-thirds of the ransom money so that it will be ready by Tuesday noon. The family of Miss Stone had no news during the day, and the American board could give out nothing to throw light on the missionary's predicament.

President Capeno says that the government at Washington, both the president and state department, have done, are doing and will continue to do all that lies in their power to secure the release of Miss Stone.

CALL IT "A DEED OF HEROISM."

Anarchists in London Applaud the Assassination of McKinley.

London, Oct. 7.—A fairly well attended meeting of anarchists was held in a hall in Tottenham Court road, London, to hear a lecture on the assassination of President McKinley by H. Kelly of New York. The audience, largely composed of foreigners, applauded all references to "Saint" Czolgosz and his "meritorious" act.

The speakers included Enrico Malatesta, the Italian anarchist, who described the assassination as "a deed of heroism."

Kelly's lecture was a wild harangue in denunciation of Mr. McKinley's political career. He declared that they did not try to justify assassination, but rather to explain it as the outcome of the oppression of workmen by capital.

"If the killing of McKinley opens the eyes of the capitalists and induces them to treat the working people better," cried the agitator, "then great good will have been done."

BUTCHERING CHILDREN.

Human Flesh Freely Sold in Famine Districts of China.

Minneapolis, Oct. 7.—A special to The Times from Tacoma, Wash., says: The steamship Glenogle brings news of human flesh being freely sold in the famine districts of Shan Si, China. It brings 180 cash per catty of one and one-third pounds. Babies and young children are being butchered. The empress dowager has commanded that the practice be stopped, but is able to enforce her orders only around Hsian Fu. The money collected by The Christian Herald of New York has been distributed, saving thousands from starvation.

The island of Panay, in the Philippines, which has been afflicted by the plague, is now visited by famine. One hundred and thirty deaths from starvation are reported to have occurred at Capiz alone. To prevent the spread of the plague Manila has inaugurated a war against rats, paying 2 1-2 cents per rodent delivered to the board of health.

William C. Whitney's Kilmarnock II, ridden by Johnny Reff, the American jockey, won the Prix au Conseil Municipal of \$20,000 at Longchamps over a course of a mile and a half.

TRAINMEN ARE KILLED

FATAL REAR-END COLLISION ON
T. & P. PANHANDLE AT ON-
WARD, IND.

WRECKAGE CATCHES FIRE

Three Dead Bodies Are Rescued From the Debris, but the Fourth is Almost Entirely Consumed—The Rear Train Was Flagged, but Was Under Such Speed That It Could Not Be Stopped in Time.

Logansport, Ind., Oct. 7.—Four Panhandle trainmen met death near Onward, 14 miles southwest of here, in a rear-end collision of freight trains, the bodies of three being taken out badly mutilated and the fourth being almost entirely consumed before the wrecking crew could subdue the flames sufficiently to permit work in that portion of the debris.

The dead are: Elbert Greeley, conductor; Thomas H. Brosius, flagman; S. A. Galbreath, brakeman; John Hutchison, fireman. Frank Patterson, an engineer, was injured.

During the night Conductor Weaver, in charge of the second section of train No. 79, an engine and two cabooses, left Hartford City for Logansport. In the rear caboose were Galbreath, Brosius and Greeley, who had been working on the gravel train at Hartford City, and who were en route to this city. They were all asleep when the train stopped near Onward to make up steam. The flagman was sent out to watch for the third section from the east and no danger was thought of until the train loomed up too close for any to escape except Weaver, who jumped and got off uninjured. The third section, with Engineer Frank Patterson at the throttle, had attained high speed and when it struck the rear caboose the engine reared in the air, turned clear around and came down on her side in the ditch, mashing a number of cars into kindling wood and burying in the debris the sleeping trainmen and Hutchison, the fireman for Patterson.

The wreckage promptly caught fire and the flames kept at bay the uninjured trainmen and the men who gathered from nearby farmhouses. A special train conveyed a part of the Logansport fire department to the scene. The fire was extinguished and the work of removing the bodies begun. The remains of Galbreath, Hutchison and Greeley were found, but the body of Brosius was almost entirely consumed, only pieces of burned flesh and bones being recovered.

AFTER TWENTY-FIVE YEARS.

Reason Said to Have Returned to King Otto of Bavaria.

Paris, Oct. 7.—The Cri de Paris declares that King Otto of Bavaria, after 25 years of hopeless insanity, has recovered his reason and speaks freely and sensibly. He does not know of the deaths of his mother and brother, Louis II, and is not aware that he himself is king.

He speaks of the events of 1876 as if they happened yesterday. It is thought possible that this is merely a brief moment of lucidity preparatory to a fatal issue of his disease, but the court and cabinet are embarrassed. If he recovers, however, the government will be obliged to notify parliament, and this will end the regency of Prince Leopold.

This story, although not impossible, is distinctly improbable.

SHAFFER AT MILWAUKEE.

Says All Union Men Must Walk Out at Bay View.

Milwaukee, Oct. 7.—President Theodore Shaffer of the Amalgamated Association of Iron, Steel and Tin Workers, it is learned, made a flying trip to Milwaukee Saturday, remained long enough to make a short speech to a few of the strikers and then took his departure. It is said that not over 15 or 20 of the strikers heard him. The substance of Mr. Shaffer's remarks was that all members of the Amalgamated Association who are now at work in the Bay View mills who do not walk out at once will be considered as black sheep unless the mills are paying the Amalgamated scale in all departments. Mr. Shaffer's visit had no effect on the strike. It is said he did not see any of the officials of the Bay View mills.

KNOW A PLOT WAS BREWING.

Garrison at Balinga Took All Necessary Precautions.

Manila, Oct. 7.—Major Morris Foote of the Ninth United States Infantry, who has returned here from the island of Samar, was in Balinga the day before the disaster to Company C. He says that Captain Connell had been fully warned and had taken what he (Major Foote) considered every necessary precaution. Information that a plot was brewing among the Filipinos came to Major Foote through a priest, who said it was the plan of the populace at North Balinga and Basay to attack the garrisons and Basay garrison was to be attacked from a cockpit in the rear of the barracks. Orders were immediately given to demolish the cockpit and extra guards were stationed.

There is intense feeling throughout the army because of the massacre, which would not be the case to any such extent had it been the work of ordinary insurgents. The latter might have been expected to commit such an outrage. Feeling is particularly intense in military circles because the authors of the massacre were pacificos, most of whom had taken the oath of allegiance, and many of them, including the president of Balangiga, were actually holding office.

Some of the after effects are already shown at many points, particularly at Baulan and Cutacan, in the provinces of Batangas and Manila, where disaffection is manifesting itself, although it is not likely to be allowed to go far.

On the other hand the officers and troops at all the garrisons throughout

the archipelago feel that the disaster conveys a lesson to themselves of the necessity for increased vigilance.

ON THE MARKET SOON.

Indians Will Open Rosebud Reservation to Settlement.

Chamberlain, S. D., Oct. 7.—The work of securing the signatures of the Rosebud Indians to an agreement relinquishing for settlement that portion of the Rosebud reservation in Gregory county is practically completed. Major McLaughlin, chief Indian inspector, has been engaged for some months in securing these signatures. He expects to put the lands on the market in a very short time. There are many thousands of acres in the tract which are of a superior character and applications are already being filed for them, many people having come to this place to await their settlement.

BOLD HIGHWAY ROBBERS.

Hold Up Occupants of Three Carriages Near Madison, S. D.

Madison, S. D., Oct. 7.—A bold gang of highway robbers successfully held up and robbed the occupants of three carriages, including several prominent business men from this city, while presumably en route to Lake Herman, three miles west of Madison. A pitched battle was waged, but the tourists were relieved of their money, about \$500 in cash, watches and jewelry. Officers and a posse fought the robbers with guns, but all escaped. A number of commercial travelers were among the victims.

INCENDIARISM SUSPECTED.

Barn Belonging to J. W. Anderson in Southeast Brainerd Damaged by Fire--Another Fire.

Last evening about half past 7 o'clock fire was discovered in a barn on the corner of Norwood and Hartley streets in Southeast Brainerd, and Hose Company, No. 4 quickly responded. Nos. 1 and 2 were also there. The barn was almost totally destroyed and some machinery which was inside was damaged so that it was rendered worthless. The loss was over \$800. Mr. and Mrs. Anderson were out on their farm at the time and only the two eldest children Serrie and Vivian were at home. They were the first to discover the fire. The cow was in the barn and was rescued just in time.
It is suspected that the fire was started by some maliciously inclined person or persons, and two young boys are thought to have taken part in the matter. The fire was thought to have been put out but Company No. 4 was again called out about 12:30. It seems that there was some dry hay in the box through which hay was dropped from the loft to the manger and that a spark caught here and the fire started afresh. This was quickly extinguished.
Another fire was found eating its way into a little frame structure on Fourth street belonging to A. A. White. The building was not burned but it was a close call. The fire department did good work. It is the opinion that the fire was started by someone playing with matches.
At all three fires the department performed efficient and valuable service.

Gregg Shorthand class meets tonight.
PROSPECTS ARE GOOD.
New Company in Which President Ferris of the First National is Interested will be Organized.
Banker A. F. Ferris and other parties who went to Missouri to investigate some options which they had on some oil land in the centre of the great oil regions, have returned much elated.
Mr. Ferris is especially well pleased with the outlook. The gentlemen have bought 5500 acres of land and have already made many tests. Many were made while Mr. Ferris was there recently and several surface tests indicate that there are large quantities of fine lubricating oil of very good quality.
A company will at once be organized and wells will be sunk after a thorough test is made by experts.
The gentlemen feel that the property is a good investment even if oil is not found on their land. The land in the vicinity of this oil region is slowly increasing in value and should one or two good veins be located the land would be a valuable parcel to own.

SERIOUS CHARGE AGAINST OFFICER.

Sheriff of Goodhue County Comes After William Coffin Of Deerwood

IS TAKEN BACK TO RED WING Claimed That Coffin Committed Dastardly Act At That Place Recently

Sheriff P. J. Lundquist, of Goodhue county, arrived in the city yesterday afternoon from Red Wing, armed with a warrant for the arrest of William Coffin, of Deerwood, on a very serious charge, the complainant being the superintendent of the training school of that city.
The charge which is preferred against Coffin is a rather serious one and especially in view of the fact that the crime was committed while he was acting in the capacity of constable and was attending to a duty imposed at the time.
It will be remembered that a little 14-year-old girl by the name of Maud Grant, of Deerwood, was ordered committed to the training school at Red Wing, she being incorrigible, the charge against her having been made by her mother. Before the justice she told many stories but her case was finally disposed of by sending her to Red Wing. It befell William Coffin, of Deerwood, who was constable of the village, the task of taking the young girl to the school. They left here at 1:15 p. m. and reached Red Wing sometime in the night. Instead of taking the young girl to the school upon his arrival at Red Wing, he enticed her to a hotel and it is claimed engaged apartments, staying there as man and wife.
When the young girl was taken to the school, in common with all others, she was thoroughly questioned by the matron, and her actions of the previous night were soon detected and finally under the strain of close questioning she admitted the details of the horrible experience.
A warrant was finally issued for Coffin's detention and he was taken to Red Wing today to answer to the charge.

Britton--Grondin.
On Saturday evening there was a very pretty wedding at the home of Mr. and Mrs. Thos. H. Britton, when Mr. Frederick L. Britton was united in marriage to Miss Clara Grondin, daughter of Mr. and Mrs. Joseph Grondin. The groom is well known in this city having been an attache of the Tribune for some time. The bride is also well known in this city.
The ceremony was performed in the presence of a few intimate friends and relatives, Rev. A. H. Carver officiating. The best wishes of a large number of friends is extended to Mr. and Mrs. Britton.

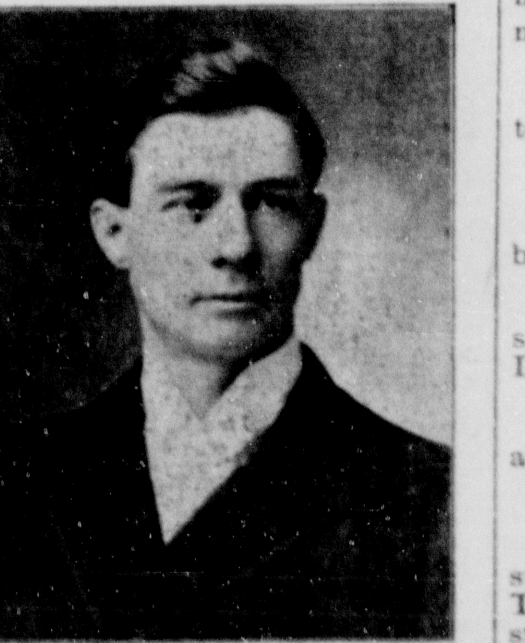

Cold weather is coming and if you want an overcoat or suit, or both, go to Zakariasen's tailor establishment on Front street. You will there see the best selection of goods you have ever seen in this city, in all the up-to-date styles.

The Stevens Point, Wis., Journal has the following to say regarding a gentleman who for years was connected with the Northern Pacific railroad in this city and who has many friends here who would be pleased to learn of his good fortune:
Fred Allen, for the past seven years foreman of the Wisconsin Central car shops, resigned a few days ago and left the employ of the company at Fond du Lac last Saturday night. He has accepted the offer of a position as yardmaster for the Brooks branch of the American Locomotive Works at Dunkirk, N. Y., and will remove his family to that city in a week or two. In his capacity as yardmaster he will have charge of all shipments in or out of the big plant, will keep account of the supplies, etc., and have direct control of a gang of about 100 men. There are about 2,500 men employed in the various departments of the plant and new buildings are still going up. His new position carries with it a handsome increase in salary.
Rare Chance to Get a Home.
Pay \$50, \$75 or \$100 now, then pay monthly no more than you now pay for rent for a few years. New and other houses contracted on these terms. Houses bought for cash and sold on time as above.

BISHOP ANNOUNCES THE ASSIGNMENTS

way a thing is built or constructed determines its function. God could not demand of man the function of ruling the universe unless he had given him intelligence could not hold him to a moral law unless He had put within him consciousness and ability to fulfill the function.
What then was the plan? Read it in yourself.
Man was made to think, love, grow, aspire, worship and have dominion. He was made free to think what he would, worship whom he would. But there is no such thing as a thinking worshipping machine. Man must have freedom. Thinking, loving, worshipping, aspiring are impossible without freedom. We enter now the chamber of mystery. God made man free with all the hazard and declared it was good. But sin came and with it misery and shame. Did God know? It is unthinkable that the Infinite Mind should learn only by experience. It is blasphemy against reason to think of God as an adventurer in the realm of creation. God did know.
Nowhere has God asked you or me to vindicate his wisdom or his justice. He challenges the ultimate verdict of intelligence.
Regeneration was the necessary adjunct of the creation. There has never been a moment when any soul was without the benefit of redemption. Grace was original and constructional. God loved man before the flood. The lamb was slain from the foundation of the world. The lamb in the midst of the throne. It was John's figure that is central in the Divine plan from the beginning. The atonement was the factor of safety, the reserve pillar of creation. Has God abated aught in his conception of man? Behold the second Adam and know that God does not accept a degenerate type. He stands by His ideal.
Flesh was not made to be torn nor bones to be broken. They may be. If they are, nature is instant to heal, to repair according to the original plan. This illustrates the law of salvation. The soul that sins shall surely die, that is, become incapable of thinking, loving, worshipping. So man must use his liberty to come back to God for reconstruction. Is a man who has sinned little in the same category with the man who has sinned much? A few years ago a train in the Rocky mountains was drawn by two locomotives. They struck a defective rail and one was thrown to the bottom of the canyon. The other simply went down a few feet and tumbled over on its side. The same power was needed to place both on the track again and the same process of rebuilding to make them fit again to perform their function.
The doctrine of spiritual regeneration is original in the plan of creation. You cannot cultivate a dead thing into life. You cannot confirm or define a man back into life. All doctrines of the gospel co-relate with this thought. "Come unto me and I will give you rest." Rest means simply conforming to the law by which we were made. What have we in the witness of the Spirit? Simply the life that is the work of the Spirit.
Yesterday afternoon three young men were ordained as elders and three as deacons. The services during the ordination was very impressive throughout. The following were ordained deacons: Revs. Justis Parish, J. D. Manly and J. T. Chappel. The following were ordained as elders: Revs. E. M. Cathcart, J. T. B. Smith and R. J. Taylor.

Rev. C. F. Pickard, pastor of the Two Harbors Methodist church, preached at the Presbyterian church last night. He reports that Two Harbors has seen an exceptionally busy summer and that the church has greatly improved during the past year. Mr. Pickard succeeded Rev. M. L. Hutton last fall in the pastorate at Two Harbors and speaks in the highest terms of praise of Mr. Hutton's work in that charge.

JUDGE BAXTER DENIES MOTION.

For a New Trial in Grant vs. City of Brainerd--Case Tried Here Recently.

JUDGE FLEMING WILL APPEAL. He is Confident the Supreme Court Will Grant a New Trial.

Word has been received in this city that Judge Baxter has denied the motion for a new trial in the case of Grant vs the city of Brainerd. It will be remembered that Mrs. Grant sued the city for \$5,000 damages caused by injuries sustained near the road bridge across the Mississippi, she claiming that when she was thrown over the embankment it was on account of the negligence of the city that she sustained injuries.
The matter came up for trial before Judge Baxter at the last term of the district court in this city. The city at that time won its case, but Judge Fleming who appeared for the plaintiff made a motion for a new trial. The arguments on the motion were heard recently at Fergus Falls, City Attorney Crowell appearing for the city, and Judge Fleming for the plaintiff.
Judge Fleming does not intend to give it up. To the DISPATCH this morning he said:
Yes, it is true that Judge Baxter has denied my motion for a new trial in the Grant case against the city; but, of course, this is only what I expected. The Judge would have had to reverse himself if he had given us a new trial, and that is a hard thing for a judge to do. I shall now appeal to the supreme court, and I shall be surprised indeed if I don't get a new trial. It is nobody's victory so far.

Emmett McKey passed through the city this afternoon enroute to Walker from his home in Minneapolis having been called on account of the very serious condition of his brother, Harry McKey, who was accidentally wounded by the discharge of a shot gun at Walker Saturday afternoon.
Young McKey was out hunting and while standing on a log at the brink of a small lake with the gun in his hands his feet slipped and he fell in the water. The gun struck the log and in trying to save himself young McKey was shot in the right hand. The shot entered the wrist and caused a horrible wound. He managed to get out of the water, tied a handkerchief about his wrist to stop the flow of the blood as best he could and walked seven miles to Walker. When he reached there he was completely overcome and it is understood is very weak from loss of blood.

Barn Belonging to J. W. Anderson in Southeast Brainerd Damaged by Fire--Another Fire.

Last evening about half past 7 o'clock fire was discovered in a barn on the corner of Norwood and Hartley streets in Southeast Brainerd, and Hose Company, No. 4 quickly responded. Nos. 1 and 2 were also there. The barn was almost totally destroyed and some machinery which was inside was damaged so that it was rendered worthless. The loss was over \$800. Mr. and Mrs. Anderson were out on their farm at the time and only the two eldest children Serrie and Vivian were at home. They were the first to discover the fire. The cow was in the barn and was rescued just in time.

It is suspected that the fire was started by some maliciously inclined person or persons, and two young boys are thought to have taken part in the matter. The fire was thought to have been put out but Company No. 4 was again called out about 12:30. It seems that there was some dry hay in the box through which hay was dropped from the loft to the manger and that a spark caught here and the fire started afresh. This was quickly extinguished.

Another fire was found eating its way into a little frame structure on Fourth street belonging to A. A. White. The building was not burned but it was a close call. The fire department did good work. It is the opinion that the fire was started by someone playing with matches.

At all three fires the department performed efficient and valuable service.

BISHOP ANNOUNCES THE ASSIGNMENTS.

The Methodist Conference Adjourns This Morning Just Before Noon.

The Services Yesterday Morning and Last Evening Were Very Interesting.

The conference of the Methodist Episcopal church of Northern Minnesota closed this morning at the First M. E. church and all members who have attended, state that it was one of the most successful for years. The best of feeling prevailed throughout and the members have felt especially delightful in the presence of Bishop Cranston, who has been an inspiration.

Many eminent men have been present during the sessions of the conference and there has been a constant flow of eloquence and an abundance of knowledge imparted, and those present will remember with pleasure the many inspiring moments. Nearly all the members left for their respective homes on the noon train.

The last session of the Methodist conference was held this morning. On motion, the memoirs of the late Rev. S. N. McAdoo and Sister Noah Lathrop were approved as read. It was directed further, that the memoirs of Aaron Mattson and Sister J. G. Morrison be furnished the secretary for publication.

The following made reports which were adopted as read: Rev. E. H. Nicholson, conference stewards; Rev. C. M. Heard, Asbury hospital; Dr. J. B. Hingely, missionary appropriations; Rev. G. R. Geer, American Bible Society; Rev. Henry Nobbs, state of churches; Rev. W. E. Loomis, education; Rev. E. E. Tindall, Epworth League; Rev. William W. Burns, Sabbath observance; Rev. A. D. Lindstone, on tracts; Rev. H. J. Van Fossen, conference relations.

On motion, Rev. F. W. Hart, Dr. Robert Forbes and William Fielder were elected directors of the "Midland Advocate."

C. M. Heard was elected editor of the "Christian Examiner."

The following transfers were submitted: Dr. R. M. McKaig, Rev. C. B. Mitchell, Rev. F. A. Lawson, Rev. William Pickard, Rev. F. H. Roberts and Rev. A. R. Lambert. Suitable resolutions were passed in connection with the transfers.

Rev. and Mrs. James Clulow were presented with a purse of gold in remembrance of their faithful work.

A resolution was adopted setting forth the excellent qualities of Bishop Cranston, as a Christian gentleman and presiding officer.

Resolutions of sympathy were also passed on the death of President McKinley.

At the final session of the conference this morning, Bishop Cranston introduced to the conference three of the ministers of Brainerd and Gen. Secy. A. L. Wilhelm, and in so doing thanked them for the many courtesies extended to the visiting clergymen. Those presented with Mr. Wilhelm were Revs. M. L. Hutton, Allen Clark and N. P. Glenmaker. They were given a decided ovation.

Rev. R. G. Sanderson told the conference of the unkempt and unmarked condition of the grave of Rev. Fuller, who was pastor of the Brainerd church in 1889. Mr. Fuller died while here and his wife shortly afterward. As there was none of his family to provide a suitable stone the members of the conference contributed fifty dollars for a suitable stone and Rev. Sanderson was instructed to carry out the work.

Bishop Cranston then announced the following appointments and the conference adjourned:

was the only doer. His revelations here form the basis of history, science and theology. Resolve the story of the creation as found in Genesis into poetic legend and the Bible becomes misty. With these retained the Bible is a coherent whole. God did not need to pass judgment on his own work. Did not need to review his plans nor thus enforce his energy. If the repetition were omitted there would be no harm done to the authenticity. As yet man only existed in the thought of God. The account implies deliberation at the point of the creation of man the masterpiece. He was made in the image of the Creator as the crowning feature of the universe. And God pronounced him "very good." We observe the satisfaction of the Creator; as the human engineer is filled with satisfaction over the accomplishment of something of his own design which is merely a copy of something else, as St. Peter's Cathedral is to this planet of ours, what is this planet compared with the countless numbers

in the heavens? Compare these with the Creator beyond them. No wonder the order of comparison. The Divine Creator can never lose interest in what He made. He never can become indifferent to man whom He created in His own image. When we reach a better interpretation of Job he may appear simply a type of the human race wrestling with bad theology and unwise comforters.

God's revelation was written in man himself. Nature is the best commentary on God's word. The universe is both spiritual and material and man is the bond between the two.

God pronounced creation good—what is the test? Massiveness, magnitude and excellence of workmanship are not the test of good creation. Adaptability of the thing created to the end for which it was designed is the test. The law of any creation is involved in its design. You can't get anything out of a machine that it was not first built into its purpose? An engine is not of any use as a harvesting machine. The

BISHOP ANNOUNCES THE ASSIGNMENTS.

The Methodist Conference Adjourns This Morning Just Before Noon.

The Services Yesterday Morning and Last Evening Were Very Interesting.

The conference of the Methodist Episcopal church of Northern Minnesota closed this morning at the First M. E. church and all members who have attended, state that it was one of the most successful for years. The best of feeling prevailed throughout and the members have felt especially delightful in the presence of Bishop Cranston, who has been an inspiration.

Many eminent men have been present during the sessions of the conference and there has been a constant flow of eloquence and an abundance of knowledge imparted, and those present will remember with pleasure the many inspiring moments. Nearly all the members left for their respective homes on the noon train.

The last session of the Methodist conference was held this morning. On motion, the memoirs of the late Rev. S. N. McAdoo and Sister Noah Lathrop were approved as read. It was directed further, that the memoirs of Aaron Mattson and Sister J. G. Morrison be furnished the secretary for publication.

The following made reports which were adopted as read: Rev. E. H. Nicholson, conference stewards; Rev. C. M. Heard, Asbury hospital; Dr. J. B. Hingeley, missionary appropriations; Rev. G. R. Geer, American Bible Society; Rev. Henry Nobbs, state of churches; Rev. W. E. Loomis, education; Rev. E. E. Tindall, Epworth League; Rev. William B. Burns, Sabbath observance; Rev. A. D. Lindstone, on tracts; Rev. H. J. Van Fossen, conference relations.

On motion, Rev. F. W. Hart, Dr. Robert Forbes and William Fielder were elected directors of the "Midland Advocate."

C. M. Heard was elected editor of the "Christian Examiner."

The following transfers were submitted: Dr. R. M. McKaig, Rev. C. B. Mitchell, Rev. F. A. Lawson, Rev. William Pickard, Rev. F. H. Roberts and Rev. A. R. Lambert. Suitable resolutions were passed in connection with the transfers.

Rev. and Mrs. James Clulow were presented with a purse of gold in remembrance of their faithful work.

A resolution was adopted setting forth the excellent qualities of Bishop Cranston, as a Christian gentleman and presiding officer.

Resolutions of sympathy were also passed on the death of President McKinley.

At the final session of the conference this morning, Bishop Cranston introduced to the conference three of the ministers of Brainerd and Gen. Secy. A. L. Wilhelm, and in so doing thanked them for the many courtesies extended to the visiting clergymen. Those presented with Mr. Wilhelm were Revs. M. L. Hutton, Allen Clark and N. P. Glenmaker. They were given a decided ovation.

Rev. R. G. Sanderson told the conference of the unkept and unmarked condition of the grave of Rev. Fuller, who was pastor of the Brainerd church in 1889. Mr. Fuller died while here and his wife shortly afterward. As there was none of his family to provide a suitable stone the members of the conference contributed fifty dollars for a suitable stone and Rev. Sanderson was instructed to carry out the work.

was the only doer. His revelations here form the basis of history, science and theology. Resolve the story of the creation as found in Genesis into poetic legend and the Bible becomes misty. With these retained the Bible is a coherent whole. God did not need to pass judgment on his own work. Did not need to review his plans nor thus enforce his energy. If the repetition were omitted there would be no harm done to the authenticity. As yet man only existed in the thought of God. The account implies deliberation at the point of the creation of man the masterpiece. He was made in the image of the Creator as the crowning feature of the universe. And God pronounced him "very good." We observe the satisfaction of the Creator; as the human engineer is filled with satisfaction over the accomplishment of something of his own design which is merely a copy of something else, as St. Peter's Cathedral is to this planet of ours, what is this planet compared with the countless numbers

in the heavens? Compare these with the Creator beyond them. No wonder the order of comparison. The Divine Creator can never lose interest in what He made. He never can become indifferent to man whom He created in His own image. When we reach a better interpretation of Job he may appear simply a type of the human race wrestling with bad theology and unwise comforters.

God's revelation was written in man himself. Nature is the best commentary on God's word. The universe is both spiritual and material and man is the bond between the two.

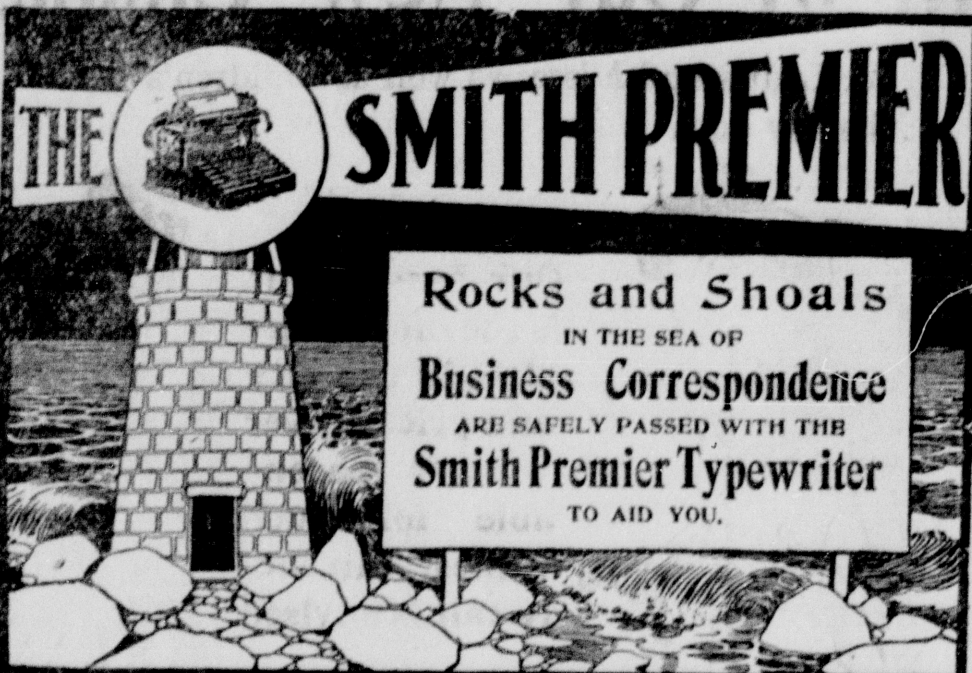

God pronounced creation good—what is the test? Massiveness, magnitude and excellence of workmanship are not the test of good creation. Adaptability of the thing created to the end for which it was designed is the test. The law of any creation is involved in its design. You can't get anything out of a machine that it was not first built into its purpose? An engine is not of any use as a harvesting machine. The

SESSION OF THE SCHLEY COURT
OF INQUIRY IS RATHER
SHORT.

TWO "ORIGINAL" COPIES

Both the Department and the Applicant Produce the "Dear Schley" Letter—Correspondence Between Commodore Schley and Commander Hodgson Read in Court—Certain Newspaper Articles Admitted.

Washington, Oct. 7.—The Schley court of inquiry began its session with the understanding that there would be only one sitting. Lieutenant Doyle, who was on the Brooklyn during the battle off Santiago, was called to correct his testimony. He made a number of changes in phraseology. When Lieutenant Doyle was excused Captain Lemly again brought up the question of the difference of construction of the last paragraph of the "Dear Schley" letter. He produced what he termed "the original of the 'Dear Schley' letter" written by Sampson. In the department's copy the word was written "Santiago," but this was written over an erasure. The word which had been erased was "Cienfuegos," but it had not been scratched out entirely. The department's letter was identical with the copy in the letter copybook.

Some surprise was created when Mr. Rayner presented what he claimed was the original of the "Dear Schley" letter. This was identical with the one presented by Captain Lemly, with the exception that no erasure had been made.

Captain Lemly instantly sprang forward and demanded if Rear Admiral Schley had any more papers that had not been turned into the department. He read a letter from the rear admiral in which the latter advised the department that he had transmitted all the papers of the Brooklyn relating to the Spanish campaign.

Has Turned All Papers Over.

Rear Admiral Schley replied, through his attorney, that all his papers had been turned over to the department, and the letter had been found only recently.

Lieutenant Commander Alton C. Hodgson was then called to continue his testimony.

Almost the entire day was devoted to reading the correspondence between Admiral Schley and Commander Hodgson, and everything went smoothly until Judge Advocate Lemly started to read an editorial from an Eastern newspaper in which Admiral Schley was criticized harshly. Mr. Rayner objected on the ground that Schley had not read it, that it did not relate to the correspondence, and that, if it was admitted, other matter of a similar character would be brought in and the inquiry would never end.

After listening to the arguments the court retired for consultation. Upon returning to the courtroom Admiral Dewey announced that such newspaper articles as related to the controversy and which had been enclosed in the correspondence would be accepted as evidence.

These papers are quite voluminous and when the court adjourned Judge Advocate Lemly had not completed the task.

NEW TARIFF ACT.

War Department Announces Schedule for Philippine Islands.

Washington, Oct. 7.—The war department has just made public the revised "customs tariff of the Philippine archipelago," as enacted Sept. 17 by the United States Philippine commission. It takes effect Nov. 15. The new tariff is a revision of the provisions of general order No. 43, office of the United States military governor in the Philippine Islands, dated Oct. 23, 1899, and the several orders supplemental thereto and amendatory thereof. Its promulgation at this time may be regarded as an indication of the belief entertained by the war department that the supreme court will probably take the same view in regard to the early revenue relations with the Philippines as it did with Porto Rico. It is expected that so long as the Philippines are under the war department and until congress takes action they are, so far as customs tariffs are concerned, regarded as foreign territory. The new tariff has been drafted for the purpose of producing about \$1,000,000 a month. Its formation has been entirely by new methods.

FOR GOEBEL'S MURDER.

New Trial of Caleb Powers to Begin This Week.

Georgetown, Ky., Oct. 7.—The court of appeals having granted ex-Secretary of State Caleb Powers and James Howard new trials the case of the former will be called here next Tuesday. Powers has been removed from Frankfort to the jail. Powers was convicted over a year ago as accessory to the murder of William Goebel in January, 1900, and sentenced to life imprisonment. Howard was later convicted of the deed and sentenced to be hanged. Over 60 witnesses have been summoned and it is expected that this trial will be conducted on lines of marked difference from that of last year. It is generally believed that both sides have secured much new evidence.

Platt Dines With Roosevelt.

Washington, Oct. 7.—Senator T. C. Platt of New York was a guest at dinner with President and Mrs. Roosevelt. The senator remained at the White House until after 10 o'clock, when he returned to his hotel. Concerning his conference with the president the senator declared he had nothing to say, but perhaps would have something to give out soon.

CLIMAX OF CLASS FIGHT.

Student of Beloit College Is Outrageously Treated.

Beloit, Wis., Oct. 7.—George F. Stockwell, a student in the preparatory department of Beloit college, was enticed from his room at the house of President Eaton at an early hour by members of the middle preparatory class. He was overpowered, divested of every article of clothing and compelled to walk ahead of a score of howling students, aided by the application of switches in the hands of his tormentors. His clothing was fastened to the top of a flagpole and after he had been sufficiently "disciplined" he was allowed to go home to plan revenge.

The outrage is the climax of a number of class fights this year in which the worst punishment inflicted heretofore was compelling students to walk into town after having been driven far into the country.

The faculty will probably take no action on this occurrence, owing to the fact that the perpetrators of the deed are unknown and the members of Stockwell's class have taken matters in their own hands.

NO ANARCHIST MEETING.

Police Prevent Herr Johann Most From Speaking.

New York, Oct. 7.—One thousand alleged anarchists assembled in a hall in Fourth street, this city, ostensibly to hold a ball in honor of the organization of the Frei Arbeiter Stemma, said to be a society composed of anarchists, but the nature of the assemblage was suspected by the manager of the hall and in a short time 40 policemen were on the scene under the command of Acting Captain Place. The manager learned that the meeting was really planned to hear Johann Most make a speech, but Most, while on his way to the hall, was warned away by members of the society who were sent out to head him off when the police arrived on the scene. The presence of the officers prevented any speech-making.

NO SHOT FIRED YET.

Venezuelan and Colombian Troops Massed at the Frontier.

Caracas, Oct. 7.—An envoy of the Venezuelan government, who has just arrived at Maracaibo from the Colombian frontier, wires the representative of the Associated Press at Caracas as follows:

"For three weeks prior to Oct. 5 the Venezuelan troops concentrated between San Cristobal and Cucuta, estimated at 8,000 men, had not discharged a single shot against the Colombians massed before them under the command of General Valencia and estimated at 6,000. Both sides remained continually at 'shoulder arms.' 'The government of Venezuela before attacking awaits the answer of Colombia to the Venezuelan note. Three thousand Venezuelans are also massed at Guajira.'"

ON HIS BRIDAL TRIP.

Captain Andrews and Wife to Cross the Atlantic in a Small Boat.

Atlantic City, N. J., Oct. 7.—Captain William Andrews, the veteran mariner, left here during the afternoon for Europe in his 14-foot boat, the Dark Secret. Accompanying him on the daring trip is his young bride whom he wedded a few weeks ago. The captain is 60 years old and this is said to be his seventh trip across the ocean in small boats. He expects to reach the English channel in about 12 weeks. In the boat were provisions for four months.

The Preacher Was Exonerated.

Carbondale, Ill., Oct. 7.—The coroner's jury summoned to inquire into the killing of John C. Brown on the streets of this city rendered a verdict fully exonerating the Rev. Joseph McCamish, who shot him. Brown, jealous of the preacher, attacked him with a knife on the public square, but McCamish, who had been told that Brown had threatened to kill him, was armed and shot his assailant through the lung.

Lisbon, Oct. 7.—The parliamentary general elections were held during the day. It is believed that they have resulted in a large majority for the present government. It is reported that negotiations are on foot for the formation of a customs union between Cape Colony, Natal and Lourenço Mar.
